This ship is composed of the cats Firestar and Sandstorm

Type: Het

I personally like this ship, but there are some bad parts of it.

Pros:

-It's canon

-Sandstorm is awesome

-Their colors are adorable together

-THEY HAVE KITS!

Cons

-At first, they hated each other

-Firestar was/is still in love with Spottedleaf (bless her soul)

-FIRESTAR IS DEAD!

8/10 (it's better than Moonbli)

TigerxGolden(TPB)

[image]

This ship is of the warriors Tigerclaw/star (1) and Goldenflower.

Type: Het

I personally say that this ship is better than many others.

Pros

-It is said that Goldenflower was the real one Tigerclaw loved, instead of Sasha.

-They have kits

-Their colors look good together

Cons

-Tigerclaw only thought of Goldenflower as a good motherly figure to kits

-Tigerclaw died

-Tigerclaw was a murderer

Pros

-Their colors are great together!

-They had kits!

-Graystripe loved Silverstream more than he did about Millie

Cons

-Silverstream died :'(

-One of their kits died (Feathertail)

-They couldn't ever be together

8/10

BramblexSquirrel(TNP)

[image]

This ship consists of the warriors Bramblestar/claw and Squirrelflight.

Type: Het

I personally think that this ship is kind-of abusive.

Pros

-They had kits

-Their colors look good together

-Squirrelflight is sort-of loyal to him (keyword: sort-of)

Cons

-Bramblestar ignores her opinions, even if they're right

-Bramblestar abuses her

-As said online: 'Squirrelflight and Bramblestar don't really love each other' (they don't have feelings)

-1/10

Type: Het

I personally like this ship.

Pros

-It's better than BrambleSquirrel

-Their colors go good together!

Cons

-Ashfur was willing to kill Jayfeather, Hollyleaf, and Lionblaze just because his heart was broken

5/10

[image]

This ship consists of the medicine cat Jayfeather and the StarClan warrior Briarlight.

Type: Het

This ship is OK

Pros

-Their colors look good together

-They spend so much time together

-Briarlight and Jayfeather would be a good couple if Jayfeather wasn't a medicine cat; if Briarlight wasn't dead

-Briarlight is dead

-They are only 'medicine cats and patient'

6/10
